

Phoenicia Residents Protest Work Closing Road To Summer Traffic

Senator Arthur H. Wicks to Present Protest of Mountain Section to Governor and State Highway Department.

BAD DETOUR

Residents Claim Loss of Business Due to Closed Road and Poor Detour—Hurts Summer Trade.

Senator Arthur H. Wicks will present to Governor Lehman and State Highway Department officials a petition signed by a number of business people and boarding house keepers doing business along the Phoenicia-Cold Brook state highway, protesting the closing of the route during the months of July and August while top-dressing operations are being carried on.

The petition will be taken to Albany by Senator Wicks who will endeavor to have the condition remedied if possible in order that summer business in this resort section may not be driven away through the two months when summer traffic is at its height. Seen this morning Senator Wicks said that he would visit both the governor and the State Highway Department and endeavor to have the condition remedied.

Early this month a contract was started to re-surface the highway between Phoenicia and the Ashokan reservoir below Cold Brook. Since that time work has been started and the main highway has been closed during the daytime and all traffic detoured over the narrow, dusty and dangerous back road between Mt. Pleasant and Phoenicia. Summer traffic which brings to this section of the county most of the business done, has been compelled to detour over a dangerous road with the result that during the past week or two since the condition has become known there has been very little business. In fact some of the business places from Phoenicia down have closed up.

The job is a resurfacing contract which calls for the laying of a layer of tarred stone over the old highway and the widening out of shoulders. Business people believe that this work could have been done either before or after the boarding season, which is the principal business carried on in this section.

Want Work Delayed.

Last week a petition was circulated asking that the work be delayed until September after the boarding season had closed. This petition was presented to Senator Wicks Sunday and the matter will be taken up with the state officials in an effort to see if the condition cannot be remedied.

Work was commenced by the contractor at Phoenicia, and the work is being carried on toward Mt. Tremper. Thus far the work has progressed to a point near the Log Cabin restaurant, about half way from Phoenicia to Mt. Tremper. Under present arrangements the road from Mt. Tremper to Phoenicia is closed, all traffic is sent over the narrow road on the west side of the creek through Mt. Pleasant. When work has progressed to Mt. Tremper traffic will be routed by way of Woodstock through Willow and join the main highway at the Mt. Tremper corner and proceed on the main route to Phoenicia while the road from Mt. Tremper to Cold Brook is being resurfaced.

Closing of the road practically eliminates all business for the people residing along the road. If work cannot be stopped during the two business months the residents hope that the highway department will have traffic maintained over the direct route.

Sunday conditions were bad over the route. Since no work was being done Sunday the main road was open to traffic but the condition in which the road has been placed by the contractor is dangerous. For over two miles from the point where the actual resurfacing is being done crushed stone has been piled in three foot high windrows along one side of the macadam compelling traffic to use only half of the highway.

Vigorous protests are being made over this method of distributing stone so far ahead of the actual top-dressing operations. Stone has been deposited on the highway from the scene of the top-dressing operation down to the Mt. Tremper garage, at least two miles in advance of the work. Property owners protest that it is absolutely unnecessary to obstruct the highway for this distance. In many places the highway is left so narrow that passing is dangerous and can be done only at stated places.

DOUBLE MURDER AND SUICIDE AT BINGHAMTON

Binghamton, N. Y., July 22 (AP).—Fugitives were being planned today for two women and a youth, victims of a double murder and suicide police believe on Saturday night.

Miss Nellie Priestly, 19, his former sweetheart, and Miss May Elliott, 54, his aunt, were slain by Donald Page Hill, 24-year-old artist, before he took his own life with a gun.

Police said the crime had been "planned" for some time after they investigated in answer to calls from E. C. Stricker, roomer in the home where Hill lived with his aunt.

John Dillinger Shot To Death In A Trap Laid By Federal Agents

Government Hails End Of Dillinger

One of Most Smashing Blows Ever Delivered at Crime In The United States—Pushes Gang Hunt.

Washington, July 22 (AP).—The government today hailed John Dillinger's end as one of the most smashing blows ever delivered at crime in the United States.

It vowed that the manhunt would never cease until it punishes all members of the Dillinger mob and "anyone who ever gave them any aid, comfort or assistance."

Attorney General Cummings, told of the killing of the desperado, said: "The news is exceedingly gratifying as well as reassuring."

It appeared likely that no one would receive the \$10,000 reward that the federal government, striving to wipe out organized crime, had offered for Dillinger's capture.

Department of justice agents, who predominated in the law force that waited outside a Chicago movie theatre and shot the desperado down as he emerged, are not permitted to accept rewards.

The government, however, offered \$5,000 for information leading to the apprehension of Dillinger. It remained to be seen whether the tip that Dillinger was to attend the movies came from a private citizen eligible for this reward.

J. Edgar Hoover, noted chief of the Bureau of Investigation, said when asked who fired the fatal shot: "We can't say, that's a trade secret. We don't want to put our man on the spot."

"Simply a rat," was Hoover's summary of Dillinger. "He was a man of the worst imaginable type. His courage was of the type that required a brace of guns to keep it up."

"This does not mean the end of the Dillinger case. Anyone who ever gave any of the Dillinger mob any aid, comfort or assistance will be vigorously prosecuted."

Uppermost in his mind, newsmen believed, was George Nelson, whom the department has named as the murderer of Special Agent W. Carter Baum in a brush with the Dillinger gang in a Wisconsin woods last April.

INVESTIGATE DROWNING OF FOUR CCC MEMBERS

Providence, N. Y., July 23 (AP).—An army board of inquiry today began its investigation to fix the cause for the drowning of four CCC members and a state fire warden when their boat struck a log in Round Pond and capsized.

Three men escaped in the tragedy Saturday. One swam ashore and the other two clung to the craft until rescued.

The bodies of four victims were sent to their homes by train yesterday. They were: William H. Havens, 49, of Syracuse; Gerald Lynch, 35, of Harrison, N. J.; Edgar J. Van Villard, 39, and Fred Rothfuss, 35, both of Newark, N. J. The fifth, Fire Warden Ernest Brooks, 50, lived near here at Batchesville.

Hosler Ice Cream Plant Burglarized

Some time Saturday night thieves broke into the Hosler ice cream plant on Foxhall avenue and forced the combination on the office safe from which they removed \$12,000 in cash. The burglary was discovered Sunday morning and reported to the police. The police say that the combination was knocked off with tools stolen from one of the company's trucks. An investigation of the burglary is still under way.

Walked Out of Chicago Northside Movie House Into Government Guns

Saw Department of Justice Agents and Reached For Gun Too Late As Three Bullets Tore Into His Body.

FACE REMODELED

Dillinger's Hair Dyed Darker, Scars on Face Removed by Plastic Surgery, Wore Black Moustache.

(Copyright, 1934, by The Associated Press.)

Chicago, July 23 (AP).—Dillinger's death.

He swaggered from a neighborhood theatre last night into the raking fire of government guns. Too late he saw the gleaming steel of the trap set for him.

His hand went for his gun. Too late. Three bullets tore into his body—one in the neck, two in the body. He staggered, fell.

It was the end of John Dillinger.

The hour was 10:40 p. m., central daylight saving time. The place was just outside the Biograph Theatre, a neighborhood movie at Fullerton and Lincoln avenues, on the north-west side, in territory where the blood of many a Chicago gangster has flowed.

Had the climax of this bank robber-desperado-killer's career been pre-arranged it could have been no more sensational. There was even an audience, drawn by the presence of so many department of justice agents that for a time some believed a holdup was planned.

Dillinger, his hair dyed a darker hue, tell-tale scars on his cheeks lifted by plastic surgery, a carefully groomed black moustache adorning his leering lip, and the whorls of his finger tips obliterated by acid, strode through the lobby and down the street.

Walked Into Trap.

He passed, apparently without recognition, Melvin H. Purvis, chief of the Chicago Bureau of the Department of Justice. Purvis, seated in a parked car, moved his right arm in a casual signal. Several agents leaped forward, their pistols glistening in the carish light.

Suddenly the mask of insolence dropped from the phantom freebooter's countenance. He darted into an alley, reaching for a pistol for a duel to the death. As he did so, a five-shot fusillade cut him down. Three of the bullets struck him. Two missed their mark and whizzed into the terrified throngs gathered near the theatre, striking the legs of two gaping women spectators.

The infamous fugitive sprawled on the pavement in a crumpled heap. There was a tense silence, then the scores of horrified witnesses, the agents, two Chicago detectives and five officers from East Chicago, Indiana, rushed forward.

Two Wounded

Sirens shrieked and alarm bells clanged as a patrol wagon, an ambulance and a number of police squad cars raced up. Mrs. Etta Natsalsky and Miss Theresa Paulus, both wounded in the leg, were carried to the ambulance. Dillinger, still breathing, was placed in the patrol car.

The vehicle transporting the wounded Dillinger made for the Alexian Brothers Hospital. He died without word or motion, before medical aid could be administered, at a street crossing enroute to the hospital.

The body was laid on the green lawn of the hospital. Four government operatives stood guard. A deputy coroner arrived, and the dead outlaw was borne to the county morgue.

One federal man, Purvis said, had fired the five shots. He declined to reveal his identity.

Officials searching the clothing, in one of Dillinger's pockets—into which the lion's share of the estimated thousands of loot he and his henchmen had gathered in daring raids was reported to have gone—was found just \$7.49. The back of his watch contained the picture of Evelyn Frechette, an Indian girl.

Plans Were Perfect.

The coup which brought about Dillinger's end was executed without a flaw. Commendation poured in even during the post-mortem hours. "Gratifying as well as reassuring," Attorney General Cummings declared at Washington.

Department of justice agents had known for several days that Dillinger was on the north side. Purvis learned he planned to attend the Biograph Theatre. He selected 15 crack shots—a grim coincidence one for each victim of murders attributed to the Dillinger marauders. The source of the information was untraced.

They arrived in time to watch him purchase a ticket and go in to see.

Welcome Respite From Severe Heat Wave In North Eastern States

Generally More Moderate Temperatures Reported In Eastern Section, While Intense Heat Continues In Other Parts of Country.

275 KNOWN DEAD

Ravaged Crops and Failing Water Supplies Reported in Survey of Drouth Damage.

By The Associated Press.
While the heat wave gripping the country brought the toll of the dead to higher levels today, the north-eastern states were given a welcome respite.

The temperature in New York city was only 75 at noon, compared to 83 at the same time yesterday. Pennsylvania and the New England states reported generally more moderate temperatures.

The death list now stands at approximately 275, with the heaviest casualties being reported from the center of the Mississippi valley. All sections have paid tribute to the sun the cities with lives and the country with livestock, ravaged crops and failing water supplies.

A survey of drouth damage from the Mississippi to the Rocky Mountains showed thousands of cattle, thousands more given up at forced sales, and crop losses placed at hundreds of millions of dollars.

Millions of persons, who found relief at the lakes and seashores over the week-end, came back today to baked pavements and steaming sidewalks.

In the heart of the nation, hardest hit of all, the mercury hovered about the 100 mark yesterday and official forecasts told of an indefinite continuance of the hot, dry spell. The highest temperature reported yesterday was 107 in Aurora, Ill.

The heaviest loss of lives was in Missouri, where 76 have died from the heat. Illinois has forfeited 66 lives, Nebraska 41, Ohio 15.

The east was favored with a cool breeze in the fourth day of its siege yesterday, holding the maximum temperature in New York to 89, but the weather bureau said warmer temperatures may be expected in the next few days.

MOTOR VEHICLE LAWS IN VIRGINIA AND OKLAHOMA

The director of motor vehicles of Virginia has announced that Virginia will grant full reciprocity to all New York residents with respect to motor vehicle registration and will not require the usual permit to operate a New York state vehicle in Virginia. This means that New York vehicles may be operated in that state under the regular New York license. This applies to all vehicles except vehicles operating on a contract for public improvement or those carrying passengers for hire.

Tourists anticipating a visit to Oklahoma have their attention called to a new provision of the Oklahoma law which became effective July 1, 1934. After that date the maximum length of motor vehicles which may be operated on the highways is 40 feet. This applies to trailers, semi-trailers and any combination thereof.

Our Growing Population

The following births have been reported to the board of health:

Mr. and Mrs. Kenneth R. MacIver of Newburgh, a son, Kenneth Ian, at Kingston Hospital.

Mr. and Mrs. Rudolph S. Wells of 48 Meadow street, a daughter, Shirley Eleanor, at Kingston Hospital.

Mr. and Mrs. Harold E. Fialle of 10 Liberty street, a son, Richard Joseph at Kingston Hospital.

Awaits Hearing

John Eldridge, 49, of East Kingston, was arrested Sunday by Deputy Sheriff McCullough and brought to the county jail to await a hearing before Justice John Acker. He is held on a charge of assault in the third degree, it being alleged that he hit another resident of East Kingston over the head with a frying pan.

Kingston Municipal Auditorium Will Be Turned Over to City

Elaborate plans are being prepared for the ceremony of turning over to the city of Kingston the remodeled state armory on Broadway, now known as the Kingston Municipal Auditorium. When the new armory on the old driving park grounds was completed the old building was turned over to the city by the board of supervisors.

As a work relief project the work of remodeling the old armory was taken up, and the building turned into one of the finest municipal auditoriums in any city of the size of Kingston.

The exercises will be open to the public who are invited to attend. Officials of the State TERA will make the presentation and Mayor C. J. Heiseleman, the common council, board of supervisors and city officials have been invited to take part in the ceremonies and have seats on the stage.

Alderman Paul Zucca, chairman of the building and supply committee of the common council, has arranged a fine program of entertainment for the evening. A military band of 30 pieces furnished by the American Federation of Musicians and conducted by Sal Castiglione, conductor of the Italian American Band of this city will open the program with a concert at 7:45 o'clock and at 8:15 o'clock the exercises will open with the singing of the Star Spangled Banner by Robert Hackett of this city, which will be followed by the addresses of the evening.

At the close of the addresses a fine program will be put on with an opening number "The Dance of All Nations" given by the pupils of Mrs. Weyhe. Others on the program will be Miss June Van Derzee and Donald Hicks, winners of the recent addition of WGY held in the Municipal Auditorium, a duet by Miss Neal Albert, eccentric dancing by Roger Keough and several other numbers being arranged by Alderman Zucca.

Six Cases Before Judge Culloton

Six cases were brought to the attention of Judge Culloton in police court this morning. Harry Rosemond, a negro of 99 Gage street, arrested Sunday on Albany avenue by N. D. J. Murphy, agreed to repair the damage done to Mr. Murphy's car and the hearing was adjourned for a few days so that repairs could be made. Mr. Murphy had his car parked at the curb on Albany avenue and claimed that the car driven by Rosemond had collided with it. Mr. Murphy stated that Rosemond did not stop after the collision but proceeded on.

George McPhail, a negro of 69 Hasbrouck avenue, arrested on a charge of breaking into the store of Carl Diehl of Hasbrouck avenue, had his hearing adjourned to Wednesday. According to the police McPhail was found in the store hiding behind the bar as they entered.

Henry Amling of Manor avenue, arrested for public intoxication on the city hall grounds, was fined \$5. Arthur Countryman of 15 Ann street, was arrested by Elizabeth Bennett of the same address, who charged Countryman with disorderly conduct in using loud and indecent language. She failed to appear to press the charge this morning and Countryman was discharged.

Dennis Boyle of this city, arrested for public intoxication on Broadway on Sunday, was fined \$5.

Michael McManus of New York city, arrested for public intoxication on Wilbur avenue, asked the court to give him an opportunity to leave town. McManus was shaking badly while in court and Judge Culloton observing his condition informed him he was in no condition to travel and gave him five days in jail to get straightened out.

Treasury Receipts

Washington, July 23 (AP). The position of the treasury July 20 was: Receipts \$19,433,810.24; expenditures \$19,581,295.55; balance \$2,521,547,016.42; excess receipts for the month \$12,266,614.21. Receipts for the fiscal year since July 1: \$162,345,552.34; expenditures \$164,722,956.49 (including \$174,766,555.69 of emergency expenditures); excess of expenditures \$2,377,404.15; gold assets \$7,900,256,255.31.

Office Schedule.

During the month of July and August the local office of the Conservation Department situated at 65 John street will be open in the morning at 9 and closed at 12 o'clock noon and in the afternoon will be open at 1 o'clock, and closed at 4:30 p. m. except Saturdays when the office will close at 12 o'clock noon.

CONTINGENT STRIKE MAY CLOSE ALL THREE SHIRT FACTORIES HERE

As the result of the activities of several members of the Amalgamated Garment Workers to organize the shirt workers of Kingston into a union those in a position to know stated today that it is feared that all three local shirt factories will be forced to close shortly should a strike be called by those who have been agitating the formation of a union here.

The closing of the factories will mean throwing about 1,200 employees out of work, and the loss of an \$18,000 a week payroll here. One man stated today that he understood the supposed strike was slated to be called about the last of the month. It was learned that should the strike take place one factory will close and move elsewhere, placing many more out of work in Kingston.

Government Men Are Here Surveying The River And The Creek

Department of Commerce Has Force of About 30 Men at Work on Project Re-surveying Shore Line and Charting Depth of River—Will Be Here for Some Time—This City Headquarters for Government Men.

The U. S. Coast and Geodetic Survey vessel Mikawa in command of Captain John A. Bond is berthed in the Rondout creek at the foot of Broadway and will remain here for some time, working out of Kingston which has been selected as headquarters while the work of re-surveying the shore line and charting the depth of the Hudson river between Kingston and Albany is underway. The government has a force of about 30 men, including the crew of the vessel and the land force.

Headquarters have been opened in the room formerly used as an office by the Cornell Steamboat Company in the Cornell Building on Ferry street, at the foot of Broadway.

The Mikawa is only large enough to berth four officers and ten of the crew, and the remainder of the force are quartered in rooming and boarding houses in the city.

The river has been re-surveyed from New York north as far as Kingston and the work of charting the river north to Albany is now the purpose of Captain Bond and his men. The data collected will be used in preparing new river charts. The Rondout creek will also be surveyed and charted.

Making Kingston the headquarters for the crew and land force means that about \$5,000 is expended each month for salaries and supplies, the greater part of which will be spent in this city.

200,000 NEARLY DESTITUTE BECAUSE OF WARSAW FLOODS

Warsaw, July 23 (AP).—Outbreaks of typhoid fever in some sections of Poland were reported today as drinking water was polluted and 200,000 were estimated nearly destitute because of the floods.

The threat of a typhoid epidemic throughout the flood area, caused apprehension while Warsaw awaited with fear a fourth flood crest moving from Cracow down the Vistula river.

The known dead already numbered 249 and the lack of drinking water is pressing because the rivers have been polluted by corpses and are unfit for use.

The flood waters increased in Warsaw this morning with the passing of the Vistula's third crest toward the Baltic Sea, but in anticipation of the fourth crest Tuesday evening, the dikes are being strengthened by all male inhabitants of Warsaw, called out by municipal council to fight for the city.

Fears were expressed that the levees will not hold if the rain, resumed. It had rained twelve hours steadily up till 11 a. m.

Republican Caucuses On Saturday Night

The Republican party will hold caucuses in the various wards of the city Saturday evening for the purpose of electing three delegates from each district to attend the annual Republican county convention to be held in the Kingston Municipal Auditorium for the purpose of recommending candidates for member of Congress, state senator, member of assembly, county treasurer and coroners.

Criminal Prosecution Is Probable For Those Responsible For Deaths

New Jersey Bus Careens Down Main Street Hill in Ossining and Plunges Off 30 Feet Into A Lumber Yard.

21 OTHERS BURNED

Injured Persons Taken to Ossining, Grasslands and Tarrytown Hospitals Following Disaster.

Ossining, N. Y., July 22 (AP).—Sudden and horrible death which rode to Sing Sing yesterday with 200 merry-makers of a Brooklyn young folks Democratic outing was under investigation today, with criminal prosecution probable for those responsible for the fatal burning of 16 persons and searing injury of 23 others in a plunging bus.

Medical examiner Amos O. Squire continued at Ossining police headquarters and Ossining Hospital questioning survivors who escaped from an old New Jersey bus that careened down Main street hill with slipping brakes, shot up the ramp across the New York Central tracks to the station plaza, and plunged off 30 feet into a lumber yard.

Gasoline blazed, trapping 40 men, women and children inside the bus, and set fire to the Washburn & Todd Lumber and Coal Company, destroying two blocks of waterfront property at a loss of \$250,000.

District Attorney Frank H. Coyne joined the medical examiner in the inquiry, seized four of the seven busses which had transported members of a baseball club that was to play the prison team with their relatives and friends, called them "junk" and "death contraptions," and set about locating the owners and operators. The bus driver, who perished in the flames, was hired in Brooklyn for the day to drive the unfamiliar bus which Dr. Squire said he had learned was 10 years old.

List of Known Dead.

The dead, all of Brooklyn: Frank Imperato, 28, driver of the ill-fated bus, 652 32nd street.

John McNicholas, Jr., 25, her son, died in Ossining Hospital.

Joseph Meaney, 27 Cornelia street.

Abraham Gallier, 656 Hancock street, died in Ossining Hospital.

John Reitmeyer, 1215 Gates avenue, died in Ossining Hospital this morning.

Five unidentified, believed to include Mrs. Gallier; Mr. and Mrs. James Murray, 15 Cornelia street; Arthur Luff, 9 Woodbine street.

Critically injured:

Thomas McGuire, Sr., 638 Halsey.

Daniel McCann, 378 Central avenue.

21 Persons Burned and Bruised.

Twenty-one other persons burned, bruised and with broken bones are in Ossining, Grasslands and Tarrytown Hospitals. Twelve bodies lie at Undertakers' morgues, eight at Rindor's and four at Kip's awaiting positive identification. None will be moved while relatives and friends seeking lost ones file past the remains.

George I. Braun, former Assemblyman of the (Brooklyn) Twentieth Assembly district, said all the busses were hired from the Rialto Bus Corporation in Manhattan.

"The bus that went over the ramp carried a New Jersey license plate and was chartered by the Rialto Corporation for the occasion," Braun said.

Mrs. Helen A. Braun, Democratic co-leader of the Twentieth Assembly district, issued a statement saying: "Warden Lacey of Sing Sing for his 'wonderful work' in assisting in the rescue of injured and killed."

Says Aviation Report Another 'Whitewash'

Winchester, Va., July 21 (AP)—Brigadier General William Mitchell, retired, denounced the Baker board report on aviation today as "another whitewash."

Such words as "powerful" and "graceful" attested Mitchell's comment on the report of the war department's special aviation committee, headed by Newton D. Baker, former secretary of war, under whom Mitchell served as commander of the A. E. F. air force.

"This report is about what you could expect of a board packed with army men, who know nothing of, and want to know nothing of, aviation," Mitchell said.

"It's just a whitewash of former investigating boards."

The general, now living quietly amid the historic Blue Ridge Mountains, outlined his own ideas.

He said an air force of only 400 completely modern fighting craft would be adequate.

"The only reason to build 2,300 airplanes is to feed hungry contractors," he said. "It's not the number of planes that counts, but their efficiency."

One modern ship could cause the evacuation of New York city, and three could demolish and destroy Japan.

There should be, he said, one great central underground armed airplane base in the middle of the United States, with three smaller underground depots on the Atlantic coast, three on the Pacific, two in Alaska, one in Hawaii and one in the Midway Islands.

Local Death Record

Pine Hill, July 23.—Mrs. Matilda Townsend, a former resident of Fleischmanns, died at her home at Richmond Springs last Wednesday, and the services of interment were held at the local cemetery Saturday afternoon. Mrs. Townsend had many relatives and friends in this section.

Mrs. Minnie O'Brien died at the home of her mother, Mrs. Clara Rivenburgh, with whom she resided in Woodstock on Sunday, July 22, after a long illness. She is survived by her mother, a son, John, and a daughter, Margaret, of Woodstock. Funeral services will be held at her late home on Wednesday, July 25, at 2 p. m. Interment will be in Woodstock cemetery.

WOODSTOCK

Woodstock, July 23.—The Market Fair Saturday was the gayest this season but it can't compare with the good old days. It has gone modern. People come to buy jewelry, knick-knacks and oddsends, many of which are imported from New York. Where is all the native talent? There are flowers, cakes and dresses from hereabouts but that's very little compared with former years when the fair was more like an old time open-market. Even the crowd that gathers has gone modern. Why must they be so civilized in their flawless up-to-date sports wear? From a point of vantage, preferably perched on the old dead stump in the corner one can see the difference. Once the aspect was gay, colorful, smacking of the old world, and buzzing with trade in local crafts and produce. Purchasers and merchants were clad in brilliant and unique costumes. Stand at the old stump and notice the comparatively hum-drum appearance. The gay dresses are barely noticed among the throngs of conventionally garbed gathering. The atmosphere is helped somewhat by the fortune-telling table and a one-man puppet show. The tables of paintings by a resident, has a genuine old-time quaintness and interest, though the paintings are none of the best. The man with faith in his own work goes about the business of selling his own work not somebody else's manufactured articles that may be bought anywhere. It must be admitted that there are hand-made things on display, but they are not all native and are not so much in evidence as in past seasons. There is a hectic air of speed about the fair. People come, rush around the circle of tables, glance here, glance there, buy seldom, say hello and rush off. There was a time when the fair was a center for idle strollers, for eager purchasers, and eager conspirators. A lively interest was shown in the fair as the event of the week, to be taken in completely, thoroughly enjoyed and much participated in. If everyone continues to come to see what someone else is doing and wearing there will soon be nothing but passive lookers-on with nothing to look at. The Market Fair needs a little spontaneous cooperation.

Financial and Commercial

New York, July 21 (AP)—The stock market started off the new week to day with a decided downward slant. Although considerable volume was recorded, it was not able to find any special news happening that could be said responsible.

Leading issues opened somewhat narrow and quiet and more business was encouraged by the majority of traders. A few of the aircrafts improved at the start, but the rest of the list was unable to attract any support. There was a later selling flurry in which the ticker tape lagged behind floor transactions. The metals and rails were conspicuous among the losers.

Shares of the Bellweather U. S. Steel dropped a point to a new low for the year and numerous others, including N. Y. Central, Western Union, American Commercial Alcohol, Baltimore & Ohio and Bethlehem Steel found new 1934 bottoms with reactions of 1 to around 3 points. Western Union yielded nearly 5 points at one time, but came back moderately.

The utilities showed some resistance, American Telephone and Consolidated Gas being off only fractionally. Among losers of 1 to more than 3 were National Dairy Products, American Sugar Refining, U. S. Industrial Alcohol, C. C. C. Du Pont, U. S. Smelting, Howe Sound, American Smelting, Union Pacific, Santa Fe, Johns-Manville and Westinghouse. United Aircraft held a small advance. National Lead lost 6 points.

Zena Church Sheds Burned

Woodstock, July 23.—The Woodstock Fire Company was called for duty Saturday at about 5 p. m. to check the fire which threatened to destroy the Zena Church. Louis Hilyan, who is a member of the Woodstock Fire Company, noticed that the carriage sheds near the church were in flames. Clifford Cartright, who was also near, rang the church bell to call in volunteers. Mrs. Hilyan called the Woodstock Fire Company. Nothing could be done with the fire until the arrival of the truck with Harold Schultis and Sam Wilson. Luckily for the church, this was almost immediately. They covered themselves with glory with their record speed. It was quite evident when they arrived that it was useless to make any attempt at saving the sheds which were old and very dry. All attention was centered on keeping it well enough under control to save the church. The flames were so fierce that had the truck not arrived so promptly the firemen would have been unable to keep the fire from the church. Water from a nearby creek was used. Masher in Woodstock holds a \$300 insurance on the sheds, which were burned to the ground. The origin of the fire is not known though a brush fire is suspected. People for miles around came to the fire attracted by the smoke and the siren in Woodstock.

WOODSTOCK

Woodstock, July 23.—The Woodstock Country Club Tennis team will play the Kingston Tennis Club team in Woodstock on Sunday, July 29. The Woodstock players are Peter Whitehead, Gardner Mulloy, Russell Lee, Wendy Jones, Eddie Ehrlich, Prest. Stagg and Dick Dorson. The Kingston players are Randall Rose, Robert Herzog, Stan and Robert Hancock, Edward Strong and Jansen Fowler.

Mrs. Anne Bronson and son, Walter, left Sunday morning for Philadelphia after a pleasant visit in Zena.

Maudie Welin of the Knickerbocker Press in Albany visited the Woodstock library yesterday to get material for some writing she is doing about Woodstock.

Puzzle of Sleep Still Unsolved by Scientists

Although almost a third of a person's life is spent in sleep, the problem of how sleep comes about is still a mystery, observes a writer in the Montreal Herald. It had been supposed that during activity, fatigue substances accumulated in the blood and exerted a narcotic action on the brain, periodically inducing sleep during which they were excreted. Investigation shows that an afternoon nap may come when there is little fatigue, that extreme nervous fatigue often leads to sleeplessness, and that normal sleep, unlike either narcosis, is easily interrupted by noise or other disturbances. Another theory has been that during sleep the conduction pathways in the nervous system are broken by the restriction of small contact points between the neurons, which are the conducting units composing the nervous system. If this actually occurred, it would stop all nervous activity just as effectively as pulling the plugs from a switchboard would stop telephone communication, but there is no evidence to support the theory. Sleeping sickness has been found to be accompanied by damage to a point in the midbrain near its junction with the forebrain, and this region has been found to have an important relation to the alternation of sleep and wakefulness.

Postmaster Issued Stamps

Following a reduction of postal rates in 1934, the postmaster of New York with the consent of the postmaster general, introduced stamps of his own in an effort to convince congress that they would be a convenience in the handling of the mail. His experiment was of his own volition and at his own expense, but it demonstrated the value of the use of stamps. Soon other postmasters followed the lead of New York, and one by one, Baltimore, St. Louis, Providence and others of the larger cities were issuing their own stamps. These in turn were followed by a number of the smaller towns such as Brattleboro, Vt.; Millbury, Mass., and Bozeman, Mont. Of these the most complete record is that of Brattleboro, where the postmaster proudly issued stamps in hope of increasing his receipts and by selling his stamps for cash, cutting down the accounts of his patrons. He was rather disappointed when he found the public asked to have the stamps charged the same as they had been in the habit of doing with their letters.

Death In The Gutter of Badland Stretch

Chicago's Northside, Where Dillinger Was Slain, Has Long Been a Favorite Stamping Ground of the Nation's Ace Criminals.

Chicago, July 21 (AP)—Chicago's Northside, where John Dillinger attained the penultimate in outlawry—death in the gutter—long has been a favorite stamping ground of the nation's ace criminals.

Quoted with gaming establishments and other resorts, the district was exercised a fatal lure for scores of fugitives of the Indiana desperado type.

Despite the fact that dozens of officers were detailed there to run him down, Dillinger braved the corner a dozen times. Once he was surrounded in a physician's office but fled his way to freedom.

On another occasion, accompanied by a woman companion, he escaped from a Northside hotel that had been surrounded by police.

John Hamilton, an aide of the gunman, likewise was traced to the area. He slew a policeman who attempted to arrest him, and escaped.

Capone hoodlums for years held forth in the district, their "territory" extending north of the Chicago river along Clark street, Sheridan road and contiguous arteries through the Lawrence avenue "uptown" section.

It was there that the bloody feud between Capone and Sattellites of Dion O'Banion, which cost several hundred lives, was waged.

Other kingpins of the badland stretch included George (Bugs) Moran, who did a fadeout when seven of his henchmen were machine gunned to death on St. Valentine's Day, 1929, in a garage not many blocks from the scene of Dillinger's demise.

Big Tim Murphy, John O'Berta, James "Red" Barker, the Caputelan, Dominie and Joe Alella, Ted Newberry, "Three-Fingered" Jack White, and Matt Kalb were other buccaneers who lived and died within its district-by the gun.

The incubator, police alleged, of the kidnap racket; it was there that many of the abductions attributed to the Touhy gang were hatched.

Vernie Sankey and Jack Klutas, who headed separate extortion gangs, had retreats in the same neighborhood. Sankey who was suspected of the Lindbergh kidnaping, was captured in a barber shop near the place where Dillinger was killed. He later ended his life. Klutas was slain by police.

John Dillinger Shot to Death Last Night

(Continued from Page One)

"Manhattan Melodrama." The film concerned a mythical "Blackie Galashier," a New York gangster, who carried his murder missions even into Madison Square Garden.

Captain Tim O'Neill of the east Chicago, Indiana, police department who participated in a gun battle against Dillinger and John Hamilton during an attempted bank robbery there last January, brought four of his men to the showhouse. Two Chicago detectives led the force. The federal men were assigned to stations.

Knew Their Man.

Purvis, in his official version, said: "As he bought a ticket, I got a profile and front view of him and I knew I was not mistaken. I went into the theater twice in an attempt to spot Dillinger but it was so dark I couldn't pick him out. Those two hours and four minutes that he spent in the theatre were the longest I ever spent."

"By the time he left the show, my men were covering the neighborhood so thoroughly that a cat couldn't have gotten through."

"I'm glad it's over."

The \$10,000 placed on Dillinger's head by the government and the \$5,000 offered by the state of Indiana cannot be accepted by the federal men, Purvis said. He said he doubted any of the Indiana patrolmen would share in the rewards.

John Dillinger was 32. For 31 of those years, passed uneventfully in boyhood pursuits and in prison, he was a virtual nonentity. In the 14 blazing months since his parole from the Indiana penitentiary he became one of the most widely known of all the world's outlaws.

The Rev. Wallace to Preach.

The Rev. A. V. S. Wallace, D. D., former pastor of the Flatbush Reformed Church will occupy the pulpit of the East Kingston M. E. Church, Sunday, July 29. The pastor, the Rev. Robert Barnes, is calling upon his mother and friends in another state. Service commences 11 a. m. and a cordial welcome is extended to all.

Dillinger's Father Arranges Funeral

State Sheriff Will Be Buried in Crown Hill Cemetery in Indianapolis by The Side of His Mother.

Mooreville, Ind., July 21 (AP)—John Dillinger, 27, respected father of this neighborhood, went about the business of arranging for the burial of his son and namesake today as calmly as he had awaited the day he knew was coming when bullets would end the notorious bank bandit's life.

Momentarily shaken by the announcement of Johnny Dillinger's death at the hands of Federal agents last night in Chicago, the elder Dillinger quickly regained his composure and looked after the minutest details of the funeral.

At his side, Mrs. Audrey Hancock, sister of the bandit and who virtually reared him, upheld the family reputation for calmness in exciting moments. At first she would not believe that her brother was dead. Convinced finally, her first thought was of her father.

Dillinger the bandit—will be buried in Crown Hill cemetery in Indianapolis by the side of his mother. Burial date depends on release of the body in Chicago. The body will lie in the home of Mrs. Hancock, at the edge of Maywood, just a few miles from Mooreville. A Mooreville undertaker went to Chicago today to claim the body.

Tears streaming down his face, the elder Dillinger, just awakened from a sound sleep at his farm house, for just one minute gave vent to grief for the boy he always declared was kind at heart and without real murder in his heart.

From then on, from the time an uncalled undertaker came to the house until final arrangements had been made for the disposition of the bandit's body, he retained rigid control of his feelings.

Personally he attended to the funeral details, going into Mooreville a mile away to discuss matters with the undertaker. That done, he returned to his cottage home, undressed and went to bed.

Only once did he express anything bordering on bitterness.

"If they had so many guns trained on him they might have just captured him and not killed him," he said.

FRUIT PICKERS SCARCE IN THE MILTON SECTION.

Milton, July 21.—Many of the fruit growers in this section have had a decided hard time getting sufficient number of pickers to harvest their cherry and currant crops. The men who usually come to town each year and remain at the farms during the picking season have been few this season and many who did come refused to accept the wages for picking. Many farmers of this community are forced to drive to Newburgh and Poughkeepsie daily to pick up loads of pickers, mostly girls and boys. Milton and vicinity seem to have more colored men and women from South and North Carolina than last year.

Studying Plea For The Best Air Force

Washington, July 21 (AP)—The world of aviation read with eagerness today a report of the war department's special committee urging an army air corps without a peer.

Secretary of War Dyer placed his stamp of approval on the report, which asked quick addition of 1,000 new planes to bring the corps strength to 3,320. The report was made by a committee headed by Newton D. Baker, former secretary of war.

"The next great war," it warned, "is likely to begin with engagements between opposing aircraft, either sea-based or land-based, and early aerial supremacy is quite likely to be an important factor."

The board opposed a unified air force as a "serious error" and uneconomical; blamed congress for not supplying more funds to the army air corps; praised "the young officers who carried the air mail" but implied criticism of their equipment and training.

James Doolittle, famous flier, filed a minority report urging a unified air force.

The report is expected to be of assistance to President Roosevelt's aviation committee. This board, headed by Clark Howell, is embarking on an exhaustive survey of American aviation in general.

The Baker report recommended governmental encouragement of the aircraft industry as vital to national defense, and urged improvements in army planes, equipment, training and personnel to bring the air corps up to the high standing of American commercial and naval aviation, described as leading the world.

Woodward Held For Action of Grand Jury

Former Woodward of 240 Washington avenue, charged with stabbing "Turk" Kelly of Highland, near West Park early Saturday morning, was arraigned before Justice H. E. McKenzie Saturday on a charge of assault in the second degree. He waived examination and was held to await the action of the grand jury.

Woodward was taken to the county jail, but it was expected that he would furnish bail today and be released.

Kelly is at the Benedictine Hospital under care of Dr. Bush. His condition this morning was reported to be fair, with perhaps a slight improvement over Sunday. He is suffering from a severe knife wound in the abdomen.

Bankers Support Sound Expansion

By R. S. HECHT
Vice President, American Bankers Association

BANKERS universally recognize that the prime economic need of the nation is the stimulation of sound industrial and commercial activities and recent financial stress has over a wide stretch of the country made it clear that they everywhere are making all efforts possible to lend constructive financial support within the scope of their proper banking functions to promote the expansion of business activity.

Frequently in times past when our country suffered from an economic depression and consequent unemployment on a large scale, the rise of some broad new industrial development, such for instance as a new industry like the automobile industry, has been a powerful factor in stimulating a return or an accelerated growth of national prosperity. Such a movement means the creation of new wealth, the employment of large groups of people on useful lines and as a consequence the production and distribution of sound, effective purchasing power, which is a form of wholesome economic stimulant that has none of the evils of monetary inflation.

A New Force for Business Improvement. Perhaps we have at hand, if not the rising of a wholly new industry, a measurable equivalent in the potentialities of a widespread rebuilding and modernizing movement such as home remodeling, past remodeling, the putting of our highways on a high speed and developments in the construction field. The effects of such activities on employment and many uses of business would be most beneficial, and I can repeat without reservation that we bankers are willing and eager to play our full economic part in any such constructive developments.

It has been made to appear that money has not gone to work because of the timidity of bankers rather than what is a true explanation, because business men have not had enough confidence in the business outlook to borrow the dollar from the banker and put it to work.

The basic requisite to the expansion of commercial bank loans is sound normal business conditions on which to confer sound, normal banking operations. The best business a bank can wish for is the opportunity to loan money to successful business men and manufacturers imbued with confidence to enter upon aggressive business enterprises and endowed with the ability to bring them to successful conclusions. Such loans mean business activity for the community, growing payrolls and prosperity, and the banker wants to make them because he is identified with such activities not only means profits to him but, additionally brings him the reward of good will in his community.

There is no better proof of the great desire of banks to take care of the short term requirements of the business world than to point out the abnormally low rates at which this demand is being supplied at the present time.

Bank Deposits Were Safest Investments

High Government Official Says No Investment Except U. S. Bonds Suffered as Little as Deposits in Closed Banks

WASHINGTON, D. C.—No form of investments except Government bonds suffered as little loss as deposits in closed banks during the years 1931-32-33, Jesse H. Jones, Chairman of the Reconstruction Finance Corporation, declared in a recent address.

"A point generally overlooked in connection with bank failures in this period, is that upon the whole, depositors in closed banks will get a somewhat larger percentage than has been true in bank failures over a period of twenty-five years," Mr. Jones said.

"Heretofore they have gotten about 58%, but in these wholesale bank closings, my estimate is that they will, upon the average, get about 65% of their deposits."

"Another point worthy of mention is that a depositor in a closed bank loses only a part of his deposit, while the bank stockholder loses all, plus a stock assessment."

"No form of investment, except Government bonds, has suffered as little loss as deposits in closed banks, and while I appreciate that there is little consolation in this fact, those who had their savings invested in stocks, bonds, mortgages, real estate, industrial investments, or in businesses of any kind, have had losses very much greater, and in a much larger percentage, than have depositors in closed banks."

"It is for these reasons, and others not necessary here to enumerate, that it is not possible to justify paying depositors in closed banks with the tax payers' money."

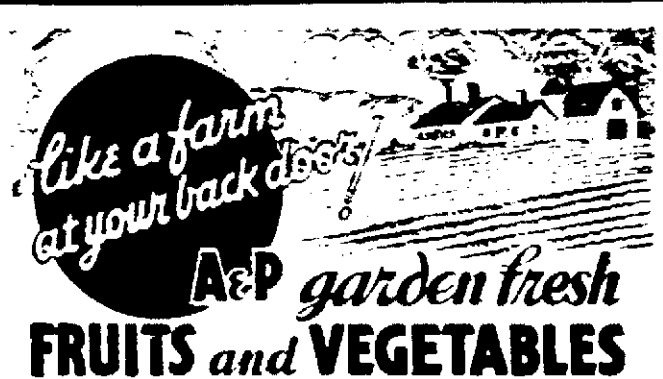

Conditions of Parent-Teacher groups will be in attendance.

TIRED? No matter! Here's a delightful way to restore your flow of energy ... as now revealed by Science

After swimming...after a hard day's work...any time when you need new vim and energy—light a Camel. And as you enjoy its cool, rich flavor your flow of natural energy will be restored. This "energizing effect" in Camels, a discovery confirmed by a famous research laboratory in New York, occurs in a harmless and utterly delightful manner. As your latent energy is made available, your fatigue and irritability become a thing of the past! And so we say, whenever you need new energy, "get a lift with a Camel!" You can smoke Camels all you wish without concern over jangled nerves. For the finer, MORE EXPENSIVE TOBACCOS in Camels never get on your nerves.

North Rondout Socials Nose Out Mayflowers In Fast Game By 2-1

The North Rondout Social Club chalked up a real win in a fast and furious contest at Hasbrouck Park, Sunday, when it nosed out Colonel Jack Clair's Mayflowers by a score of 2-1.

In the third frame Bill Freeman, ex-heavyweight champ of the National Guard and one of Kingston's leading home run stars, belted out one of his long drives to right field, with a man on base. Both runners crossed the plate for the Socials' only tally of the afternoon.

Joe Boots, the Saugerties hurler, graced the slab for the Social Club and fanned exactly 12 Mayflowers, and allowed only four hits.

The Colonel's men got their only run in the sixth, when Williams went across the platter. Eddie Baker, Clair's southpaw, allowed six hits.

The Socials surprised the colonel and count on winning their series with his Mayflowers. There are two more contests to be played.

The colonel got his new Buck last week, purchasing it from Joe Mooney, representative of the Kingston Bulk Sales and Service on an order calling for the fastest and snappiest model put out by the concern.

Stone Ridge A.C. Beats Senecas 4-3

On Sunday afternoon at the Fairview diamond the Stone Ridge A. C. spilled the Senecas by the slim margin of one run.

In the first inning the Senecas got two tallies and the A. C. put three across. There was no more scoring until the ninth frame when the Senecas tied the score in their half of the inning.

The Riders then came to bat and put across the winning run.

Pro Golf Tourney Starts Tomorrow

By BOB CAVAGNARO
(Associated Press Sports Writer)

Buffalo, July 23 (AP)—The veterans who have ruled the professional golf domain of America for fifteen years are worried no little at the prospect of some tyro capturing the 1934 P. G. A. championship which will be played over the wide open Park Club course beginning tomorrow.

In the 16 years of the championship ship only once has the veterans' monopoly on the match play title been broken by a youngster. That was in 1931 when Tom Creavy of Albany and the then not-so-famous Denny Shute crashed through the barrier of the Big Ten and Creavy won the title.

How Diegel Rates 'Em.
A repetition of youth's 1931 conquest is feared by no less a notable than Leo Diegel, the Philadelphia "who held the title in 1928 and 1929."

There are nine youngsters in the field of 114 who have a good chance of winning the championship, Diegel said. "Of that group Ky Laffoon of Denver has the best chance."

After Laffoon, I put Johnny Revolta, Herman Barron and Victor Ghezzi in the next group. Revolta has earned his spurs and is about due for something big; Barron has found his game, as evidenced by his victory in the Philadelphia open, and Ghezzi is coming along fast.

Endeavour Sails To Try in Cup Race

Gosport, Eng., July 23 (AP)—The yacht Endeavour, challenger for the America's cup, sailed at 11:40 a. m. today for the United States as thousands of spectators cheered from quaysides and the sirens of vessels lying in the harbor screeched.

The sky was brilliant and the challenger left the harbor under a fair wind. Conveyed by the motor-yacht Vita, the Endeavour moved majestically through waters alive with hundreds of yachts which had come to see Britain's hope off.

Cries of "Goodbye! Good luck!" arose from the crowd on the quays and from crews who had swarmed the rigging of other yachts.

T. O. M. Sopwith, owner of the Endeavour, and Mrs. Sopwith were on board the Vita, accompanying the challenger out of the harbor. A motor launch went alongside to bring the couple back after the Endeavour was safely on its way.

With all her canvas spread, the Endeavour presented a majestic picture as she sailed down the Solent and passed Cowes, where the members of the royal yacht squadron turned out to give her a rousing cheer.

Diers Play Tonight With 7th Ward Dems

Tonight at Block Park, the fans will be treated to what promises to be a real baseball battle when the Seventh Ward Dems cross bats with the Diers A. S.

The Diers are sure that they can win this game and insist that the fans who hold over them were flaky and they expect to prove it tonight. A large crowd is expected on account of the keen rivalry between these two clubs.

7th Ward Democrats Take Olive Bridge

Sunday, the 7th Ward Dems gathered up on Olive Bridge and took these boys into camp by a 11-4 score. C. Wark was on the slab for the Dems and allowed only 5 scattered hits while the Ward team collected 13 off North and Myers. C. Wark accounted for home runs and Homer got a neat three base hit. The Democrats took the lead in the second frame and were never caught.

PRESENTING THE WIDE WORLD IN PICTURES

Copyright 1934, Wide World Photos, Inc.

A ONE HORSEPOWER AUTOMOBILE MAKES ITS DEBUT: A midsize car, which will be put on the market for about \$350, designed by J. W. Shillan, an English racer, is driven through the streets of London's West End for the first time.

NEW YORK AT NIGHTFALL: View of the financial district in lower Manhattan as lights begin to appear in thousands of offices. The structures topping the skyline are the Cities Service Co., Bank of Manhattan Co., City Bank Farmers Trust Co., and Woolworth buildings.

FOREIGN VISITORS TO ENGLISH AIRCRAFT SHOW SEE SOMETHING USEFUL IN CASE OF WAR: A machine-gun mounted on the under side of a bombing plane, is demonstrated before possible buyers from other countries.

TOWERS OF MANHATTAN WHICH HAVE RISEN SINCE THE DEPRESSION: Airplane view of New York's Civic Centre, showing from right to left, the Municipal, new Federal Court, County Court, State and Health Department buildings.

MEMBERS OF NRA BOARD DESIGNED TO PROTECT SMALL BUSINESSES: Amos J. Peaslee (left), New York attorney, acting chief of the NRA compliance division, and John S. Clement, Philadelphia business man, two of the three-man Industrial Appeals Board appointed by General Johnson to act on all complaints of inequitable application of NRA codes. The third member has not been named.

WALLA WALLA HOLDS A UNIQUE STYLE SHOW: Girls of the Washington city, the centre of one of the country's richest grain areas, interpret the latest in beach costumes in wheat during the first annual wheat style parade.

YOUTHFUL FISHERMAN INSPECTS A STRIPED TIGER OF THE SEAS: Little Bobby Piper looks over the 313-pound marlin swordfish, the first caught this season at Catalina Island, Cal., which was landed on a slender 24-thread line after an hour's battle.

LEAPS 25,925 FEET: Nikolai Evdokimoff, Soviet airman, who established a new record when he jumped from a plane flying almost five miles in the air, descending to earth in 142 seconds. He opened his parachute when only 650 feet from the ground.

MISSISSIPPI TWINS STARTING SCREEN CAREERS TOGETHER: Clarice and Ercell Woods, sisters of Indianola, who celebrated their eighteenth birthday by signing contracts for film roles after try-outs in Hollywood. Their resemblance is so marked that directors have great difficulty in telling them apart.

"MISS GADGET OF 1934": Miss Helen Forsythe of Lakewood, Ohio, who has been selected to preside as official hostess at the National Inventors' Congress which will be held in Cincinnati, August 14 to 18.

A MEMORIAL TO "THE STRONGEST MAN IN THE WORLD": Monument which has been erected in a Viennese cemetery over the grave of Karl Swoboda, who died last year at the age of 51 with his record for weight-lifting unbeaten.

TURNING WATER INTO "ICE": Water spouting from a drinking fountain at Jones Beach Park, N. Y., appears as ice when photographed by the new continuous-action high-speed camera at a 3,000th part of a second.

THE PRESENT AND THE FUTURE IN SMART FASHIONS: A black Russian carnival coat with epaulet sleeves and silver fox collar, worn with a Mandarin tam of the same fur, is shown at the left. In the center is a summer wrap of powder blue transparent velvet. The scarf collar ties in a knot and the elbow sleeves are voluminously full. To the right is a coat of natural dark Eastern mink with wind blown collar and flowing sleeves.

A GIANT CAT DESCENDS ON LONDON: The Lucky Cat, one of the features in the pageant which preceded the last Irish Jousting Sweepstake given in Dublin, is lowered from a steamer berthed in the Thames near London Bridge.

St. Remy July 23—Wednesday
afternoon and evening, September 5
this community and the surrounding
villages will attempt to celebrate the
display of last year of cut flowers
and potted plants. Those who were
fortunate enough to be privileged to
attend last year were prompted to
make some very flattering remarks
regarding the arrangement and the
numerous varieties of flowers on dis-
play. Rock gardens and landscapes
in miniature were much in evidence
and showed much thought and taste
of the exhibitors of their home gardens.
Much competition was met by the
judges in awarding prizes to those
exhibiting their shrub tables. The
display of mushrooms last year was
beautiful and very educational to
both old and young and no doubt will
be in evidence again this year.

A cafeteria supper will be served
by the Ladies' Aid Society of the
church and will be ready to serve at
5:30 and the ladies have promised
the committee in charge to outfit the
menu of last year. As usual the mem-
bers of the 4-H Club of the Rock
School have kindly consented to fur-
nish an entertainment in the evening
beginning at 8 o'clock to which a
small admission will be charged,
after which the flowers will be dis-
posed of to the highest bidder.

The Rules.
All flowers entered for competi-
tion must have been grown by the
exhibitor.
Exhibitors must furnish their own
containers; and all exhibits in position
by 12 noon the day of the show.
The use of wire or cord to support
stems will disqualify an exhibit.
Exhibitors will not be allowed to
make more than one entry in a class.
Flowers of a less number than
called for will be permitted only in
the one year dahlias seedling class.
Exhibitors must enter their flowers
in their proper classes.
The decision of the judges shall
be final.

Smart Sports Type

Edited by

LAURA L. BALDT, A. M.

For many years Assistant Professor of Household Arts,
Teachers College, Columbia University, New York

Here's a delightfully smart sports dress featuring revers bodice. Slender plaits give attractive swing and fullness to the skirt. Tub silk in white is probably the most charming and satisfactory medium as the original. The belt is navy grosgrain ribbon. Two large navy blue buttons lend smartness to the bodice.

Shirring cottons, pique, linen, checked seersucker, etc., are other fascinating materials for this easily made frock.

Style No. 3000 is designed for sizes 16, 18 years, 36, 38, 40 and 42 inches bust. Size 36 requires 3 1/2 yards of 39-inch material with 1/4 yard of 39-inch contrasting.

Send TEN CENTS (10c) in stamps or coin (coin is preferred). Write plainly NAME, ADDRESS and STYLE number. BE SURE TO STATE SIZE YOU WISH.

THE NEW SUMMER EDITION of our PATTERN BOOK features FASHION, BEAUTY and HEALTH.

PRICE OF BOOK TEN CENTS.

Address orders to KINGSTON FREEMAN PATTERN DEPARTMENT, 200 Fifth Ave., New York, N. Y.

Females Make the Noise

When you hear a mallard quacking in the marsh at night, it is the female duck you hear. The drake utters only a ready quack, audible for but a short distance.

Origin of Macaroni

Macaroni products are said to have originated in China and Japan; but the Italians, who were using macaroni in the fourteenth century, learned about it from the Germans.

Flashes of Life
Sketched in Brief

(By The Associated Press)

The Curfew Shall Not Ring
Butler, Pa.—Not even the town clock is going to disturb the slumber of Butler residents, the county commissioners have decided. They enacted a law, forbidding striking of the clock between 10 p. m. and 6 a. m.

This Is Too Much
New York—One marriage too many—and one telephone call too many—landed David Persofsky, 34, in court.

Mary Brownstein, 25, said he married her in June, took \$100 to buy furniture and disappeared the next day. He called her Saturday night to tell her it was a mistake, she said; that he was already married.

Police arrested him, charging that he married Lillie Reiner in 1929. He was held in \$1500 bail on a bigamy charge.

12 o'clock
Philadelphia—The stately old clock in Independence Square's historic state house has tapped out the hours since the nation was born—but isn't too old to play pranks.

The face of the clock showed 1 o'clock, but the bell paid no attention. The hands went around to 2 o'clock, but still the bell was silent. Then it was 3 o'clock—and the gong made up for lost time with 15 booming strokes.

Nipped in the Bud
New York—Peter J. Stuller, 36, a pharmacist, was killed as his plane crashed in Jamaica Bay yesterday. A month after he had sold his shop to devote himself to flying.

Something's Flaky
Towanda, Pa.—Anglers went out on Lake Nepahwin for fish during one of the summer's hottest days, and came back with a cake of ice.

They said they brought up the ice on one of their lines after it apparently had been pinned to the lake bottom for a piece of iron.

Ice cream replaced fish on the day's bill of fare.

Adventure's End
New York—Two youths sailed forth on an adventure that ended in a courtroom.

The pair, Edward Armstrong, 18, and Fred Gates, 17, were found aboard a sloop in Hempstead Bay and charged with suspicion of grand larceny.

The sloop, stolen from City Island, was stocked with food and adventure magazines.

PLATTEKILL
Plattekill, July 23.—The Plattekill Firemen held a dance at Mac's Tavern, south of Plattekill village, Saturday evening.

Members of the Plattekill Grange recently entertained local organizations, such as W. C. T. U., Boy Scouts and 4-H clubs, when pantomimes, contests, etc. were in order. A very entertaining program was presented. On August 11, "The Little Red School House" contest will be in session at the Plattekill Grange, by members of the Spring Glen Grange. The visiting Grange will be in charge of the meeting and program of entertainment.

Miss Rebecca Garrison and Mr. and Mrs. Bert Garrison of Brooklyn were recent visitors in this place.

Mr. and Mrs. Robert Gorrie of

Newburgh were recent visitors of Dr. family in New Haven during the past week.

Mrs. Edmund Wager and son, Ed, spent the week-end at Mr. and Mrs. Wager's home in Newburgh.

Mrs. Homer Sutton visited her daughter, Mrs. William DePew, and

Miss Helen Jones, who spent the week-end at Mr. and Mrs. Jones' home in Newburgh.

Mrs. Edward Powell, New Haven, spent the week-end at Mr. and Mrs. Jones' home in Newburgh.

Fashions By Barbara Bell

A Fresh Version of the
Spectator Sports Frock

The dress that shows a smooth, unbroken line extending from the neck to the bottom edge of the sleeve brings with it a slight prediction of a trend that will take on elaborations, of one sort and another as the fall season approaches.

The hot-weather outfit, shown in the sketch, conveys a certain amount of fashion news to us in the treatment of the yoke and sleeves which are unexpectedly linked up with tailored revers and a collar that follows the best masculine traditions. It is interesting to note the use of only one button for fastening the pull-over opening in front. Interest in the skirt is doubled by the introduction of applied pockets, shaped like flower pots, jauntily placed at a nicely spaced distance above the insets that supply the skirt with its fullness.

Spectator sports frocks of this type are amazingly popular at the moment in shantung, novelty silks, crepe satins, crepe de chine, gaberdine and pique. Plenty of white is seen at all the smart resorts; the second preference being given to pastel shades—yellow, blue, peach, rose, green and flesh color. The darker harder shades are reserved for women who divide their time between town and country. Among the new colors in this latter group are Kelly green, beet-root, bluing blue and a rose henna; the last mentioned is considered the dark horse on the color card for fall. It is seen in some of the most exclusive showings. It has the advantage of looking right with brown accessories and also possesses a certain quality of homogeneity which is expected to make a universal appeal after cold weather sets in.

“What will we have to go with it?”

IT'S comparatively simple to choose the meat dish for a meal. Roast beef, baked ham, chops, or chicken are always welcome. But what should be served with the meat to prevent monotony—that's the question.

Of course you can turn to the cook-books for suggestions. For other timely ideas—food suggestions that are in season and within your price range—turn to the pages of your daily newspaper. There you will find tasty, colorful fresh vegetables and fruits displayed; appetizing variety in canned and packaged foods; delicious desserts that are easy to make; crispy, healthful breakfast cereals, beverages that are appropriate for both young and old.

As a matter of fact you'll be pleasantly surprised at the variety of foods offered in this newspaper. By reading the advertisements before you shop, you will be better able to plan interesting meals.
